Notes:

Decision Maker:

Client will designate a person responsible for making project decisions during the templating process deemed the "Decision Maker" who must be above the legal age of 18 year old.
Any change of the original estimate requires a change order signed by Client or Decision Maker and Architecture Stones. Changes resulting in additional costs will be priced at normal contract pricing.

It is the decision makers' responsibility to provide Architecture Stones with accurate information, including but not limited to; sink size, stone choice, measurements (If signing a measurement disclaimer), what floor the project is on and how many faucet holes and sizes needed, edge choice, etc.
The Decision Maker MUST be onsite for BOTH Templating and Installation, If there is no Decision Maker onsite, Architecture Stones assumes NO RESPONSIBILITY on project outcome. If a layout is requested, there will be an additional charge (consult your Sales Representative)

BACA Layout (Shutting down production to create layout)
$300 - Initial Hour (1 hour minimum charge)
$150 - Per Additional Hour

Customer Acknowledgement READ AND SIGN:

Customer acknowledges that Natural stones (Marble, Granite, Quartzite, Soapstone and Slate) inherently vary in shade and color. Natural stone contains fissures that occur by nature and are not considered a defect. In no event shall AS be liable for any variation in fissures, shade and/or color between samples and selected material. Customer has inspected their stone and accepts the selected and tagged material for their job to be installed. ALL cabinets and farm sinks must be completely installed before the template/measurement date. If AS field representatives arrive to a job site and cabinets/farm sink are not installed completely the customer is responsible for a $250 trip charge to return after completion.

Reminder:
Quartz (MAN-MADE STONES) is not heat resistant, when hot pans or containers out of oven are placed on surface can and will leave a discolored mark.

Light colored natural stones can stain if acidic or vibrant liquids or powders are poured on them (i.e. Red Wine, Turmeric,food dye, clothing dye, hair dye, Motor oil, etc.) Please be aware that most of these stains are not removable and stone will need to be replaced.

Quote is based on estimated measurements provided in submission and subject to change after Architecture Stones "AS" field measurements are conducted. Quotes are good for 30 days unless otherwise noted. All pricing will be based on final measurements, as estimates do not always match actual measurements taken during the template phase. You will be notified if there is a change prior to material being ordered and fabricated. A dotted line on your counter tops indicates a SEAM. If seams are required, AS holds the right to place a seam due to a tight fit, material warranty coverage or possibility of damaging your property. The above prices, specifications and attached terms and conditions are hereby accepted. You are authorizing AS to do the work as specified.

During the day of Installation, If appliances need moved, A.S. is not responsible to do this. You will need to have someone able bodied to do any moving of personal property.
